DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 1-9 are rejected under 35 U.S.C. 102(b) as being anticipated by Goff et al. (6,417,894).

Regarding claim 1, Goff discloses an image enhancing system showing an optical device for adjustably magnifying the visual displays on the screen of a computer or the like so that a persbyope can see the displayed image on the screen without eyeglasses, which meets the device as claimed. The monitor in Goff is intended for television display.

Regarding claim 2, the magnification in Goff has a unique value at every fixed position, which meets the vision prescription as claimed.

Regarding claims 3 and 4, the magnifier in Goff may or may not be directly attached to the monitor as shown in Figures 1 and 2.

Regarding claims 5-9, see the corresponding rejection as set forth above.

3. Claims 1-9 are rejected under 35 U.S.C. 102(b) as being anticipated by Blum (4,929,865).

4. Regarding claims 1-9, Blum discloses an eye comfort device for optically adjusting the focal distance for screen viewing of a video display, which meets the device as claimed. The video display is intended for television display.
